

**Annexure V**  
**Status of Actions Proposed By NMMC for Environmental**  
**Project 2002-2003**

<b>Action Proposed</b>	<b>Action Taken</b>	<b>Status</b>
<p>Continuous air quality monitoring station is being set up at the premises of Turbhe bus depot. This station would monitor SPM, RSPM, SO<sub>2</sub>, NO<sub>x</sub>, CO, H<sub>2</sub>S, and Ammonia. MPCB would be providing 50 % of the capital cost whereas Maharashtra Government and NMMC would share remaining cost equally. This station would be operated on BOT basis and would be transferred to NMMC after three years. The station is likely to be commissioned in November 2002.</p>	<p>No Action Has been Taken.</p>	<p>-</p>
<p>Under the National Ambient Air Quality Monitoring programme of CPCB setting up of air quality monitoring stations is under consideration at ward office in Vashi and dog centre in Koparkhairane.</p>	<p>The AAQM station has been commissioned in Vashi.</p>	<p>The work is expected to complete by Dec. 2003.</p>
<p>NMMC has under taken studies to earmark CRZ area near Koparkhairne STP by entrusting the job to Rolta India to demarcate at CRZ area on the basis of Satellite Imagery and toposheets and CRZ rules. The solid waste processing and treatment facilities can be taken up at a suitable location in compliance of CRZ rules at Koparkhairne.</p>	<p>The map for demarcation of CRZ area at Koparkhairane dumping ground is done by Rolta India Ltd.</p>	<p>The physical demarcation at Koparkhairane dumping station is also done as per map and activities are done within the limits of the CRZ area.</p>
<p>As a part of Navi Mumbai beautification scheme, NMMC proposes to display signage system comprising direction boards, node plans, and sector plans. For finalization of locations for this street furniture and designs through survey and submission of report to NMMC, an agency is proposed to be appointed.</p>	<p>Proposals are coming for beautification. But yet no final decision has been taken</p>	<p>The work is in progress</p>
<p>NMMC is developing 25 gardens including 4 theme gardens. Experts in the subject as also landscape architectures are being consulted for preparation of development plan and budget estimate for gardens. In</p>	<p>Uptill now 14 gardens were developed by NMMC as per commitment.</p>	<p>Is expected to complete by the end of year 2004.</p>

NMMC - Environmental Status Report 2002-2003

---
