

11 Electricity

11.1 Present Status

Maharashtra State Electricity Board supplies electricity to NMMC area and supply is satisfactory. NMMC provide street lighting that 24,000 fittings and 21,000 poles in NMMC area. Lux intensity of streetlight is maintained as per type of road and traffic density according to IS and monitored regularly. NMMC has initiated energy saving scheme on BOO basis for street lighting. It is expected to get encouraging results.

NMMC also installed signalling system at 13 places with LCD lamps and countdown timers for benefit of motorist. This has saved 90 % energy on singling system.
